## Register Now & Join Your Colleagues in March!

Online registration is now available - visit [www.MGALinks.org](http://www.MGALinks.org) to get started!

In hopes of helping New England area clubs prepare for the new season, the USGA Green Section, GCSANE and MGA have come together to host the 2012 New England Green Section Seminar.

An impressive roster of presenters from both the USGA's Green Section and the local golf industry will address a variety of turfgrass related issues. Each of the presentations will be followed by a question and answer session. The day will conclude with a networking luncheon.

#### WHO SHOULD ATTEND

This seminar is targeted towards green committee chairpersons (and green committee members), superintendents, club managers, golf professionals, presidents and owners. Club board members and interested members and staff are also welcome to attend.

#### REGISTRATION

Online registration is now available by visiting [www.MGALinks.org](http://www.MGALinks.org). The cost per attendee is \$40, and you can register up to eight individuals with one transaction.

#### CONTINUING ED POINTS

Education points will be made available to the GCSANE and NEPGA members. Please contact your section representative for more details.

#### ABOUT THE SEMINAR

The New England Green Section Seminar is designed to better inform green committee chairpersons, club officials, general managers, superintendents and golf professionals about agronomy and operational issues concerning the maintenance of a golf course.

#### MORE INFORMATION

For more information about the New England Green Seminar, please visit [www.MGALinks.org](http://www.MGALinks.org) or contact us directly via email at [info@mgalinks.org](mailto:info@mgalinks.org).
